  Empower your reservation agents to customize payment terms, or enforce policy driven deposits to easily manage bookings and cancellations/no shows

- **Offer promotions & discounts**
  Enable discounts and offer promo codes (coming soon) to run special campaigns that help increase room sales

"Management of multi-functional properties is fantastic, with single sign-on. Another is dynamic pricing based on occupancy rates for each room type - gives us the ability to do much better revenue management."

- Rei Matsuda, Founder & CEO of Kokotel, Thailand

"We are a multi-property group, and we needed a system that can centralize data from every property on one single platform. Thanks to Hotelogix! The system is customizable, scalable and designed to maximize hotel revenue."

- Shantanu Chatterjee, Co-Founder, Mint Hotels & Suites
